5 APPLICATIONS

It is a Powerful stock management and inventory control software, Which is Convert leads and close sales deals faster and Mail-Secure email service for teams of all sizes. It's also Manage, track, and collaborate on projects with teams. Build customized apps to simplify business processes. End-to-end billing solution for all entities particularly small business.

6 CONCLUSION

Overall, Zoho Projects can do the job for a wide range of businesses looking for project/task management software. It's the best option out there for small to mediumsized businesses that want to keep a close eye on how their projects are progressing, as well as having all the project management tools they need in one place. One of the best features

of Zoho Projects is its pricing, especially when compared to other project management software providers.

7 FUTURESCOPE

As Indian businesses continue to move towards digital solutions, cloud-based accounting software has become a necessity. Zoho Books offers several advantages over traditional desktop software, including multi-currency support, customizable invoices, project management, inventory management, and automated workflows.

Additionally, Zoho Books' mobile app provides flexibility and mobility, allowing businesses to manage their finances on the go. If you're currently using QuickBooks Online, migrating to Zoho Books may be a smart choice to take advantage of these features and stay ahead in the competitive business landscape.
